Ready with Mastery Learning and AI Tutoring

Secretary Angara visited our display area, where we presented the printed version of our Revised K-10 and Strengthened SHS Mastery Learning Resources, with AI feedback tutoring and real-time progress monitoring. We also showed him our Mastery Learning Tutor Kit, complete with all subjects for all grade levels, designed for the newly hired tutors nationwide. Our unspoken message to the Secretary was simple: we think ahead. We use dat... [See more](#)

Learning Continuity for All

Our small but powerful offline e-learning server comes preloaded with DepEd-curriculum-aligned content.

This is our donation to Manambrag Elementary School in Catanduanes, which was ground zero during Typhoon Uwan.

It will support the teachers and about 500 learners across all grade levels and subject areas.

University of Perpetual Help Laguna will provide laptops for teachers and tablets for students.

PREP-NET @ DOST R3 Innovation Fair

This morning, we presented our Prompt Recovery Education Program with Neural Enriched TeachAid (PREP-NET) to the Secretary of the Department of Science and Technology (DOST). Impressed by our track record and innovative educational technology, he strongly recommended to Regional Director Dr. Sicat that we be included in the upcoming National Technology Fair for Education, which they are planning to organize.

IP STUDENTS LOVE FRONTLEARNERS

The students' attention and participation "went up through the roof"!

@ Nabuclod Elementary School with about 400 IP students (Floridablanca, Pampanga).

It was Day 3, 3rd IP School in the Four Days / Four IP Schools roll-out of DOST-CEST community empowerment project. They are using the Frontlearners' TeachAid Device - (Math & Science E-Learning Tools and Supplementary Interactive Materials, includes materials for other subjects). We hope by n... See more

DOST - FRONTLEARNERS MOA Signing @ Manila Hotel (Feb. 27, 2017)

(Together with DICT Tech4Ed Project and Children's Hour)

This partnership with DOST-STII will allow us to add the Frontlearners' e-Learning materials into the STARBOOKS Servers. These will be installed in more than 1,000 public schools nationwide this year through the partnership of DOST with DICT Tech4Ed and Children's Hour.

Students from BAGO TRIBE started e-Learning with FrontLearners' BlendEd Box

The Jaime L. Gamilla Elementary School, Bongabong, Nueva Ecija, with students from Indigenous People of Bago Tribe, started e-Learning today using the FrontLearners' BlendEd Box. After 15 minutes installation and another 15 minutes briefing, the students and teachers were able to use the thousands of K12 interactive e-learning modules. They access these e-learning modules from the FrontLearners' Bl... [See more](#)
